

## Summit D&V recognized "Safe Workplace 2024"

Summit D&V (hereinafter SDV), a subsidiary of Sumitomo Corporation Power & Mobility Co., Ltd. located in Hungary, participated in the "Labor Safety Cooperation" program "Safe Workplace2024" competition by the Hungarian Ministry of National Economy in April 2024 and was recognized with a certificate.

The thorough safety management at SDV's operation sites is the result of daily efforts from the past, including employee awareness and site improvements, which have been made with the guidance of external HSE advisors. In this competition, SDV summarized the points of improvement in SDV actions, such as handling hazardous materials at factory sites, labor-saving, and promotion of automation.

Taking this opportunity, SDV aimed a further direction to increase the safe working environment and introduce the ISO 45001:2018 Occupational Health and Safety Management System in FY2024.

Certificate

from left to right:

Tamás Tóth (GM of Administration)

Hedvig Horváth (HSE of SDV)

Mikami Keitaro (Managing Director)

Péter Nesztinger (Head of department of the Ministry of National Economy)

Kármén Bokrosné-Hau (Senior Payroll Specialist)
